Boston Sat. Morning

Dear Debon

Women arrived this morning after a short passage of 12 days well & hearty — having got through his business successfully — Yesterday afternoon somewhere in the neighbourhood of Cape Cod — they hailed a Salem pilot boat — & leaving the vessel to take her own time, he came up in her — got here at 3 — this morning & running the house at Roxbury (he hurried on to surprise us) Silent, — & Thump tea cups in the closet — he came back to town at 5 this morning — beat up our quarters — I suppose he will be off in the next Steamer — July 1st — I will write again to-morrow & tell you what is in Josh's letters which have been awaiting him in town a fortnight — No farther news — I wrote you a long letter yesterday — Henry Grimes called to-day — yours in love Caroline —
